## WORDS OF WARNING

"Christian" Deprecates Church Dissensions and Quarrels.

### WOULD FIGHT THE COMMON FOE

A Member of One of Our City Churches Believes That Dissensions and Quarrels Among Professing Christians Cause the Devil to Rejoice.

Write the warning on the tablets of memory, mind, brain, heart and practical life. Take the warning from one who has been studying the matter closely, even to self condemnation. Don't dare to attempt to clean your skirts and ease your mind by the assertion that others are equally to blame with yourselves. Be true to an enlightened conscience, as God gives you to see the light, and cast self and selfishness into the background. Let the love of God and the cause of Christ take full possession of your life and actions. Now comes your query: "My dear sir, what do you mean? What would you have us to do? Why should we beware?" Beware, oh Christian men and women, of that which is upon every tongue, the talk of the city, CHURCH TROUBLES AND DISSENSIONS AMONG THE PROFESSED FOLLOWERS OF THE MEER AND LOWLY NAZARENE. Is there anything good to come out of such troubles? Will they bring good tidings of great joy? Do they please the Master? Don't dodge the issue. Be honest and true. Here is the verdict of common sense: "Every bad man and woman in East Liverpool; every lover of evil and sin; every saloon keeper and advocate of the whisky traffic; aye, even the devil himself, leader and king of the forces of evil, are laughing in fiendish glee at the quarreling, disputing and fighting going on in church circles, between professing Christians."

In conclusion. Brethren, if we must do battle and feel drawn to the conflict, there is open ground for one and all in the city of East Liverpool. Drunkenness and disorder and sin are prevalent on every hand, and it will require the combined forces of Christianity, under the leadership of good men and true, to win out a victory, under the banner of King Emanuel. Let us settle our church troubles as God would have us do; and then, putting on the breastplate of righteousness, take the sword of the spirit and win out a glorious victory for God and the Right. CHRISTIAN.

#### On the River.

No coal passed this port yesterday, although there is enough water in the river to allow tows to go to the Mississippi.

The marks at the wharf this morning showed a 13-foot stage and falling slowly.

Passed down—Ben Hur and Keystone State.

Up—Sam Brown.

The last named boat was the craft that was damaged Saturday near Bellaire by running into the bank, as was exclusively stated in this paper last evening. The wrecked barges are strewn along the banks for a distance of seven miles.

#### Excursion Rates.

Following the annual custom, ticket agents of the Pennsylvania lines will sell excursion tickets Dec. 24, 25 and 31, 1897, and Jan. 1, 1898, for the Christmas and New Year holidays. Tickets will not be sold to adults for less than 25 cents, nor to children for less than 15 cents. Return limit of excursion tickets will include Jan. 4, 1898. For rates, time of trains and further information please apply to nearest ticket agent of the Pennsylvania lines.

#### It Is Better Now.

The people who are compelled to travel Huston road are not complaining now, because the mud has for a time disappeared, but they continue to urge the improvement of the road, well knowing that the first thaw will make it as bad as ever.

It is probable the matter will go to council, backed by a well signed petition.

The Citizen's National bank, with headquarters on Fourth street, at the old postoffice, is now ready for business.

## MUTINY AND MURDER AT SEA.

Witnesses Testify Against Cook Anderson at Norfolk, Va.

NORFOLK, Dec. 21.—The trial of John Anderson, cook of the schooner Olive Pecker, for the murder of Mate William Wallace Saunders, on the high seas in August last, is on in the federal court. Anderson is also under indictment for the murder of Captain Waitman and burning the schooner, but the prosecution elected to bring the first trial for the murder of the mate.

A Norwegian member of the schooner's crew testified that he was at the wheel during the whole affair. He saw Anderson throw water on the captain's dog on the morning of Aug. 6, the day of the crime. He then heard the captain curse Anderson, after which followed a noise, as of some one falling. He supposed the captain had struck Anderson, who came up and asked the mate to protect him. The mate said "go to —, you've got to die any."

Shortly after this Anderson came out of the captain's cabin and called the mate down out of the rigging and shot him four times. He summoned all hands and made them throw the body overboard. Then he made them go down into the cabin and get the body of the captain and throw that overboard, after which he took the crew down into the captain's cabin and gave them some whisky. His story of the burning of the vessel under Anderson's direction and the voyage to land in the small boats varied little from the published accounts. Others told almost similar stories.

## AID FOR JEWS IN PALESTINE.

A New Movement Started—Pilgrimages Also to Be Aided.

ALBANY, Dec. 21.—A certificate of incorporation has been filed with the secretary of state by "The American Congregation, the Pride of Jerusalem." Its principal headquarters is to be in New York city, and it is intended to carry on operations throughout the United States and Canada. The object of the organization is to aid and assist indigent and needy Jews of all nationalities resident in Jerusalem and Palestine, by means of dues, donations and collection from receptacles bearing the Hebrew words "Rabbi Meyer Ball Ha Ness," or an abbreviation thereof, "Rambahn."

It is also proposed to encourage and aid the so-called Zionist movement, and to support, furnish and equip pilgrims and pilgrimages from the United States to Jerusalem and Palestine in connection with that movement.

## SHOT BY STRIKERS.

Wife of a Non-Unionist Probably Fatally Wounded, Near Troy, N. Y.

TROY, N. Y., Dec. 21.—Since the strike began, several weeks ago, in the West Side foundry, in the town of Colonie, a suburb of Watervliet, collisions between the strikers and the men who took their places have been frequent. Three strikers went to the house of Joseph Rohler, one of the West Side's present force, and fired several shots at him. One bullet struck Mrs. Rohler in the neck. Her recovery is doubtful.

## LUETGERT'S SON A FORGER.

He Wrote Endorsements on Notes and Gave Them to Ex-Judge Vincent.

CHICAGO, Dec. 21.—Arnold C. Luetgert admits that he forged a name to notes amounting to \$4,750, turned them over to Attorney William A. Vincent and victimized others to the extent of over \$1,000. Arnold Luetgert is the son of Adolph L. Luetgert, now on trial, charged with murdering his wife, and Attorney Vincent was the chief counsel of the sausage make during his trial. The lawyer withdrew from the case when he realized that he had been deceived.

Arnold Luetgert laughed when it was suggested that trouble might come of his free use of signatures not his own, and said that he considered it a good joke on Attorney Vincent.

## THE POPE IN GOOD HEALTH.

Bishop Enard of Quebec Returns From a Visit to Rome.

NEW YORK, Dec. 21.—Bishop Enard of Valley Field, province of Quebec, who arrived here on La Normandie from Havre, has described his visit to Pope Leo. "The pope is in excellent health," he said, "I had an audience of an hour and ten minutes with him, and his vivacity was as great as ever. He asked questions incessantly. His holiness seems to know everybody everywhere, and follows the events of the world with audacity."

## Boy Sentenced For Forgery.

LANCASTER, Pa., Dec. 21.—William Leibold, the 18-year-old boy convicted of forging the name of Charles B. Grubb, his former employer, to 67 checks and of issuing the same, has been committed to the Huntingdon reformatory. Judge Brubaker said he could send the boy to the penitentiary for five years on each of the 134 indictments under which he was convicted, or a maximum of 570 years.

## He Succeeds Judge Van Wyck.

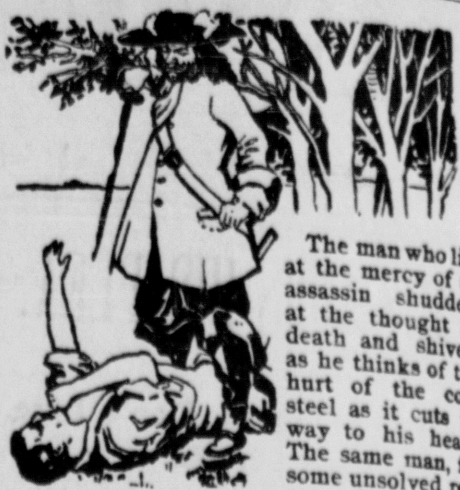

NEW YORK, Dec. 21.—District Attorney William K. Ollcott of New York county, has announced that he has accepted the appointment by Governor Black as a judge of the city court, to fill the unexpired term of Mayor-elect Robert A. Van Wyck. The term is for one year and the salary \$10,000 a year.

## British Officer Captured.

CALCUTTA, Dec. 21.—According to advices from the front Sergeant Walker of the Scots fusiliers is a prisoner in the hands of the Sipah-Afridis. Efforts are making to obtain his release.

## Not Seized by Russia.

LONDON, Dec. 21.—A dispatch to The Daily Mail from Shanghai says the report that Russia has seized Port Arthur is entirely untrue.

The man who lies at the mercy of an assassin shudders at the thought of death and shivers as he thinks of the hurt of the cold steel as it cuts its way to his heart. The same man, for some unsolved reason, will lie at the mercy of that most deadly of assassins, consumption, and apparently not experience a tremor. Of all the human beings that go down each year to premature graves, one-seventh are the victims of the relentless enemy.

There is a prompt and practically unfailing cure for this awful disease within the means of the poorest. It is Dr. Pierce's Golden Medical Discovery. It cures 98 per cent. of all cases of consumption. It cures bronchitis, asthma, laryngitis, lingering cough, spitting of blood, weak lungs, throat and nasal troubles and all diseases of the air-passages. It acts directly on the lungs and mucous membranes of the air-passages through the blood, allaying inflammation, building up healthy tissues and driving out all impurities and disease germs. It whets the appetite, makes the digestion perfect and the liver active. It is the great blood-maker and flesh-builder. A sufferer does not have to take these assertions on trust. Thousands have testified to their recovery under this marvelous medicine after all hope was gone. Copies of their letters, with names and addresses, may be had by writing for them. Address World's Dispensary Medical Association, Buffalo, N. Y.

Do not neglect constipation. Your general health is at stake. Dr. Pierce's Pleasant Pellets cure constipation. They never fail. They never gripe. One little "Pellet" is a gentle laxative and two a mild cathartic. They cure biliousness and regulate and invigorate the stomach, liver and bowels. All medicine dealers sell them and have no other pills that are "just as good."

## DON'T GO IT BLIND.

No Need for Guess Work—Follow the Advice of People We Know.

A Scotch ploughman working in a field was accosted by two college dons who, walking along the road, had disagreed on some topic about the dead languages. Agreeing to leave it to the yoke to decide, they introduced the disputed point with "Is Greek a hard language to read?" To their surprise the answer came, "I don't know; I never tried it." Such caution, such prudence, such wariness may have been all right coming from a Scotchman, but it would have been utterly out of place if Mrs. Edward Orr, of 220 Thompson street, had exhibited it when advised by her sister to use a well-tried remedy for her complaint. It is the same with East Liverpool. Caution, prudence or wariness is quite unnecessary when you have to use a kidney remedy. All that is required is simply to follow the advice of people you know. No need to go it blind. Read this. Mrs. Orr says: "My sister, Mrs. Borland, of Pittsburg, while visiting me, recommended Doan's Kidney Pills so highly that I was induced to try them. I had been having a severe attack of kidney disease; sometimes I would be so bad I could not get up. Many times my neighbors have come in and found me lying on the lounge suffering, when I intended to do a big day's work. I was so miserable I could do nothing. After my sister told me of the pills, I made up my mind to take some, and got a box at W. & W. Pharmacy. They did just what they claimed they would do—cured me sound and well in a few days. My little girl was feeling poorly, and had a sallow complexion for some time. I gave her a few doses, and now she is looking splendidly."

Doan's Kidney Pills are for sale by all dealers. Price 50 cents, or mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

## Fires Lit Under Glass Furnaces.

BRIDGETON, N. J., Dec. 21.—Fires have been put under the furnaces in the Conassey, Cumberland and Moore-Jones window glass factories near here, and it is expected that the works will start up in a week or two, probably on Jan. 2. It is expected that 2,000 persons now idle will be given employment.

## Prince Henry Visited the Queen.

OSBORNE, Isle of Wight, Dec. 21.—Prince Henry of Prussia slept at Osborne, after visiting the queen, and returned on board the German cruiser Deutschland. If the weather permits coaling the prince will resume his journey to China today.

## Explosion of Celluloid Combs.

NEW YORK, Dec. 21.—Two pastboard boxes filled with celluloid combs came in contact with steam pipes of a car on the Sixth Avenue Elevated road and exploded with great force while the train was standing at a station. Two men were hurt and three women fainted and had to be carried out of the car.

## A Little Left.

"All is over between us," said the young man who had found a richer girl and was trying to take leave of his old love.

"You are mistaken," replied she. "All is not over. In fact, my breach of promise suit has not yet begun."

He postponed the transfer of his affections.—London Fun.

## High Liver.

De I.—I should think the man in the moon would have the gout.

Van X.—Why?

De I.—Because he lives so high.—Detroit Free Press.

## THE FARMER COMPLAINS

Because He Has No Time to Hunt Rabbits

UNTIL AFTER THE SEASON ENDS

There is General Dissatisfaction Because the Law Does Not Permit shooting at a time When the Land Owner Can Best enjoy It.

Farmers all over Ohio are complaining because the law does not allow them to shoot rabbits during the season they most desire.

The season for killing rabbits expired December 15 when rabbits are really at their best between that date and January 1. Then the season begins September 1 which is fully a month too early, when rabbits are not desirable for food. It is true that nothing in the law prohibits the killing of rabbits by land owners when they destroy property.

However, as rabbits killed by farmers out of season cannot be taken from the premises, they lose whatever benefit would otherwise accrue. Farmers say they have no time for hunting until after the present season expires and demand a share of sport. Rabbits have increased so rapidly during the past few years that they have become a nuisance in many localities, and are plentiful everywhere. This is mainly due to the fact that the season expires before hunters are assisted in the pursuit by snows. After a good fall of snow it is an easy matter to trail a rabbit to its hiding place either in the brush or open field.

So widespread has become the dissatisfaction that, it is believed, the legislature will be petitioned to modify the law.

### STILL SURVEYING.

Not Much Progress Is Now Being Made.

Engineer McConnell and his assistant, Will McLaughlin, are doing as much surveying on the other side of the river as the weather will permit, but they have not made much headway during the past few days. They come from Steubenville every morning, do the day's work and return in the evening, always declining to give out the detail of what has been accomplished.

It is rumored that the parties interested with Mr. Banfield in the project to build a mill, will be able to give out something tangible in the near future. J. E. McDonald refuses to say a word of what he knows. It is believed that the result of the negotiations that have been going on for several weeks, will be known the first of the year.

### NO WONDER

The Youngstown Man Could Not Find Mr. Talyer.

They are working hard in Youngstown for the government armor plate plant, and it became necessary yesterday for Secretary Wick, of the board of commerce, to communicate with Congressman Talyer who is putting forward Youngstown's claims in a splendid manner. The Telegram says:

"Secretary Wick, of the board of commerce, tried to get Mr. Talyer by telephone this morning, thinking that he would be at his home in Salem for the holidays, but was unsuccessful."

Occurrences of this kind are well calculated to make the average resident of Lisbon sink deep in his chair, and, staring into the distance, wonder why there is such an institution as fame anyway.

### A New City Directory.

R. L. Polk & Co., of Pittsburg, who published the last East Liverpool city directory, will issue their second edition for 1897-8 early in the spring, and their representatives are now in the city gathering the necessary information. The second edition will be off the press about April first, and the publishers promise improvements in the information, making the work more worthy of patronage.

### Ready For the Rush.

A well known contractor stated this morning that at present building was very quiet. He added, however, that commencing with spring, there would be a building boom in East Liverpool, the like of which has never been seen here, and all the contractors were making ready for the rush.

### Will Shoot Tomorrow.

The live bird shoot to have been held last Friday at Rock Spring and postponed on account of the bad weather, has been transferred to the grounds of the Junction Park Gun club, Rochester, and will take place tomorrow. A number of sportsmen from the city will attend.

One Day Only.

### Little Attentions.

Evil is wrought by want of thought As well as by want of heart.

If husbands only realized what the little attentions mean to their wives, there would be many happier unions. It is not the cost of a gift that makes it precious to the recipient. A tiny bunch of violets brought home at night betokens the thought given to her even while business occupies his attention; the most trifling souvenir of a wedding or birthday anniversary becomes a sentiment underlying its proffering. Women may be foolish, they may be all heart and very little reason, but the man who understands their nature and caters to it is the one who stands higher in their estimation than the one who acts as though all they cared about was material comfort given with any sort of brusquerie.

Of course there are many mercenary women—thousands and thousands who can marry for a home and for rich raiment. These poohpooh the violets and value only the diamonds. But the average feminine heart, the sort which a man wants to beat beside his own, the foundation of truest sympathy and love, is moved more by the little attentions in which sentiment is involved than by the great offerings representing only a stupendous sum of money involved.—New York Ledger.

### Her Ideal Son-in-law.

Mrs. Hetty Green is looking around for the right kind of a young man to marry her daughter, who will come into the possession of several millions of dollars in due time. Mrs. Green desires nothing in her future son-in-law but brains and character. No others need apply.—Boston Herald.

### Zola Hooted at Daudet's Funeral.

PARIS, Dec. 21.—The funeral of Alphonso Daudet was largely attended. Emile Zola, who attended the funeral, was hooted owing to his support of the efforts made by the friends of Alfred Dreyfus to bring about a reopening of his case.

### Fire in Baltimore.

BALTIMORE, Dec. 21.—The extensive establishment of Crook, Horner & Co., dealers in plumbers', machinists' and millers' supplies, at the corner of Howard and Sa atoga streets, this city, has been partially burned, entailing a loss of about \$150,000 to stock and building.

### Curfew in Indianapolis.

INDIANAPOLIS, Dec. 21.—The city council, by a vote of 12 to 7, two members being absent, has passed a Curfew ordinance prohibiting children under 15 from using the streets after 9 p. m. in the summer and 8 p. m. in the winter.

EAST LIVERPOOL, O., TUESDAY, DEC. 21.

HON. BOB TAYLER seems to be steering clear of the civil service fight in the house. He is among the few Ohio congressmen who have not declared war on the existing system.

READ the advertising columns of the **NEWS REVIEW** before you go shopping. They will not only tell you where the most appropriate presents can be found, but they will save you money, perhaps enough for another present.

AFTER the newspapers of Columbus Cleveland and Toledo have discussed the question until their readers heartily wish they had never heard of a state centennial celebration, the legislature will quietly settle on the matter, and at least two parts of the annoyed ones can have rest.

If there is anything in the stories of Emperor William's wild ambition to own the earth, he may next eat his Christmas dinner standing up. Our Uncle Samuel is not a bad man, but if the little-man-with-the-big-sword becomes noisy he will certainly receive a merited spanking.

When you go to the Republican primaries next spring vote for the men you have reason to believe can be trusted after they are elected. Support them before thinking of the claims of any other. By that means alone can the Republican party hope to control the city government next year.

THE sentiment favoring the public stone pile is spreading. Taxpayers are awakening to the knowledge of the truth that the average tramp and bum will keep away from the town where he is compelled to pay in hard work for the privilege of being a pauper. The wicked man who cannot pay in cash for his wickedness is another portion of society who will be more careful if he knows some serious penalty will follow his mis-doing.

THE formation of every trust should be an argument in favor of legislation against trade combinations. When the people must pay for this concentration of power, and kneel down to the demands of any particular trust or go without what that trust produces, the time has come for sensible action. There is ample room for some genius with a knowledge of the facts to make a name in congress through the introduction of an anti-trust bill that is in every way anti.

**REFORMING THE POLICE.**

East Liverpool has grown to that size where the need of an authoritative head for the police system of the city is clearly seen. Under the present arrangement an officer can do almost as he desires, the few laws laid down for his official action being laws that can be broken, and there is, as a rule, no one to object. Give power to a chief, and make him the right kind of a man, and there is little doubt that the improvement will make itself manifest very soon after the new system is inaugurated.

**THEIR GROUND.**

The Republican party does not want the civil service laws repealed, nor will its representatives in congress vote to return to the system that has occasioned them so much worry and trouble, but they do want modifications of the law that will not allow any man to hold office through the remainder of his natural days. They hold that the purpose of the measure has been outraged. Its framers never intended its workings to be as they are at present, and that they will show when the question comes up for discussion. It is to be hoped, for the good of the party, that they have some ground on which to stand. Otherwise we will hear some

quiet chuckling from the Democratic side of congress.

**A HANDSOME WINDOW.**  
And the Goods In the Store Are Still More Desirable.

The handsome display made in the show window of J. R. Warner & Co.'s headquarters for boots, shoes and slippers attracts general attention, and is the subject of warm commendation. The display in the window is but a reminder of the desirable goods and great bargains in the storeroom, and you should not fail to make an immediate inspection and ascertain the wonderfully low prices.

**Going to Be Married.**

LISBON, Dec. 22.—[Special]—Marriage licenses were issued to J. H. Howell and Julia M. McElroy, F. H. Iden and Emma M. Copestick, East Liverpool; E. H. Haas and Adelia K. Overlander, East Palestine; G. A. Auwaerter and Mabel Peck, Wellsville; Thos. F. Hunter and Ella M. Coulser, Wellsville; Geo. R. Craggs and Bertha M. Wallace; G. W. Moore and Nettie Brown; Ira Kimes and Odessa J. Stroup.

**Only a Few Travelers.**

The baggage report for the month of December from the Second street station will show quite a decrease in the amount of business over the month of November. The decrease is caused by the few traveling salesmen now on the road. When the traveling salesman comes this way again he will be selling for the spring trade. The business is expected to start about the middle of January.

**Stealing Coal.**

The complaint is made that coal thieves are making their appearance at points along the Horn switch. Their depredations last night are said to have been unusually extensive.

The railroad officials are looking into the matter, it is said, as the number of thefts reported have become most annoying.

**A Game In Sight.**

A letter received this morning from Manager Maxwell, of the Homestead football team, states that they will play the Rovers a friendly game on Manday, Dec. 27, provided they are given a return game here New Year's day.

Their offer will probably be accepted as the local team are very anxious to win from Homestead.

**Have Been Successful.**

The canvassing committee of the Young Men's Christian association have been very successful in their work, and a meeting will be held this evening for the purpose of ascertaining just where they stand. State Secretary Kling will be present to assist in the work.

**Very Well, Thank You.**

There has not been a case of diphtheria reported for several days, and Sanitary Officer Burgess is of the opinion that the disease has seen its worst.

There are but two cases of typhoid fever in the city, and both patients are convalescent.

**Hurt His Ankle.**

Hiram LeMoyno, an employe of the freight depot, while working on the out-bound platform yesterday fell and badly sprained his right ankle. He was taken to his home in the West End. His condition today was unchanged.

**The Usual Box.**

The Christmas treat of the African Methodist Episcopal church will be held Monday evening. A fine program has been arranged, and the usual box of candy will be presented to every Sunday school scholar.

**Sunrise Prayermeeting.**

The Epworth League, of the First M. E. church, will hold a sunrise prayer service in the lecture room of the church Christmas morning at 7 o'clock. A special program has been prepared.

**In Society.**

Mr. and Mrs. W. L. Thompson will entertain this evening at their home in Thompson place.

Invitations are out for the nineteenth annual ball of the Phoenix club to be given New Year's eve at Brunt's.

FOUGHT IN AN OFFICE

There Was War on Second Street Last Night.

HARRISON RINEHART WAS HURT

The Prong of a Pitchfork Penetrated His Face, and He Was Bruised--He Is In His Room Today but His Injuries Are Not Serious.

Harrison Rinehart is confined to his room in Seventh street suffering from stabs in his face and other injuries received in a pitched battle which occurred last night at the livery stable owned by his father, John Rinehart. There were other men involved in the difficulty, which was the outcome of a difference of long standing.

Early in the evening Tom Davis, an employe of Harrison Rinehart, who rooms at the stable of John Rinehart, came down out of his room and went to the spigot for a drink. He was assaulted by Bert McFarland, who said Davis had been talking about him. Davis is a peaceful sort of an individual and made no attempt to strike back and McFarland kicked him and bruised him in a frightful manner. Davis then went to the stable of Harrison Rinehart and several of the employes started down to Second street to find out what was the trouble. As they went through the Diamond they passed Harrison Rinehart, who inquired the cause of the trouble. It was explained to him and the employes went to Second street.

About 15 or 20 minutes later, Harrison Rinehart went down and found his employes at the corner of Washington street, and everything was dark at the livery stable. He went over to the barn, followed by his employes, and opened the office door and inquired for McFarland, to ascertain what was the cause of the trouble. Punk McClellan was sitting in the office, and as soon as he caught sight of Harrison he jumped up and rushed to the desk, from which he got a revolver and ordered H. Rinehart to get out. He was told to put up the revolver and he put it in his pocket, but was made to return it to the desk.

Dave Brown rushed in with a neck-yoke and handed it to McClellan, and told him to hit Harrison with it, but Bob Webb kicked Dave Brown and Roy Rinehart hit McClellan.

At this juncture, without a moment's warning, McFarland rushed in with a three pronged pitchfork and made for Harrison Rinehart. Rinehart caught sight of the pitchfork just in time to stop the force of the blow, but two of the prongs entered his face just below the eyes, one of them penetrating to the bone and passing upward.

Rinehart grabbed the pitchfork from the hands of his assailant and broke the handle of it over the man's back. He then administered to him the severest trouncing perhaps a man ever received, and as a consequence McFarland will be in bed for a few days. When released McFarland went outside the stable and threw an iron at Roy Rinehart and then ran.

John Rinehart then appeared and attempted to hit Harrison with a chair, but it was wrested from him. He then went to the safe to open it, but his hand was kicked from the combination by H. Rinehart, and finally peace and quiet reigned.

Harrison Rinehart then went up street, and Doctor Toot was called and cauterized his wounds. While not suffering to any great extent, he is staying in his room to prevent catching cold. When seen this morning he stated that he had never had any trouble with McFarland, and was at a loss to understand why the deadly assault had been made upon him.

Today charges were preferred against Harrison Rinehart for assault and battery by John Rinehart, and a charge of disorderly conduct against Roy Rinehart and Robert Webb, while Davis preferred charges against McFarland for assault and battery.

John Rinehart when interviewed said: "For two days Harrison has been objecting to two of my employes and told them they would have to leave by Monday evening. He came down yesterday and told Elijah Cain he would have to go, and wanted to see Ham McClellan, but did not see him. He left word that if he did not leave before Monday evening he would be down and thrash him."

"I stayed at the barn until 9 o'clock to prevent trouble, and had just arrived at home when Dave Brown came after me and informed me of the trouble. When I got to the barn Harrison had McFarland on the floor and was kicking him. I went to the telephone to call the police, and he pulled me away. I then started to open the safe, and he kicked my hand."

"When McFarland came in with the pitchfork he was so drunk he could not stand up, and fell on the floor when Harrison rushed at him. Davis really had the best of McFarland in their fight."

NO ACTION ON NORRIS

Pittsburg Presbytery Did Not Consider His Case.

MAY BE TAKEN UP NEXT WEEK

The Attendance Was Large In Anticipation of the Stirring Time, but No One Brought Out the Matter and Nothing Was Done.

In spite of the many predictions made last week the case of Rev. J. H. Norris was not taken up by Pittsburg presbytery yesterday.

It was stated that a number of ministers connected with the presbytery had decided to demand an explanation from Mr. Norris if he started another Presbyterian church with the people who had embraced his doctrine. That would bring the question before presbytery, and a warm time was anticipated. It was known that the gentlemen were opposed to the teachings of Reverend Norris, and while they had nothing to say of him personally, they proposed to bring out the question so forcibly as to prevent the founding of another holiness church by Presbyterians and keep some who might think otherwise in line.

For some reason the matter was not taken up, and presbytery adjourned without any one referring to the subject. It is believed in some quarters that when presbytery meets again next week it will be considered then, but there are others who believe Mr. Norris will be allowed to go his way and teach whatever doctrine he may desire.

A Pittsburg paper this morning says: "The sentiment of the members is unchanged, and the matter will come up in due time. It is safe to say that Doctor Norris will not be permitted to organize a second Presbyterian church nor, as a member of the Pittsburg presbytery, to minister to a church of any denomination which may be planted in the bounds of the Mt. Washington Presbyterian church. The sword has been sheathed, but only temporarily."

## HUSBAND WAS TAKEN

After the Wife Went Floating  
Down the River.

SHE TOOK TWO CHILDREN

An Incident of Life on the River Front  
That May Not Yet Be Ended—Joe  
Wolf Locked Up Again—His Record as  
City Janitor.

Two arrests were made last night, and in each case there is a story of unusual interest.

Officer Earl arrested Joe Wooley for being drunk, and this morning it was learned that Joe was merely celebrating the departure of his wife, who is now floating down the river in a small shanty boat with two young children. What caused Mrs. Wooley to leave the city in

such a manner could not be learned. Her son, who is 12 years old, was left behind, and to his father said his mother expected to float the boat as far as Matamoras, and possibly would go to Cincinnati. It is thought the woman will be stopped by some down the river authorities before she ends her journey, and brought back to this city. At the hearing Wooley was fined \$6.60.

Fred Wolf was also arrested during the night for being drunk. He was put in by Officer Earl. Fred has been janitor of city hall more times this year than any other person. It is said that he has been in the coop on all the big holidays of the year, and it is probable he will spend Christmas and New Years as a guest of the city.

Janitor Charles McCleary is still doing odd work about city hall, but he stands a good chance of being liberated for Christmas. McCleary was at one time a seaman, and this morning amused a number of city hall callers by spinning sea yarns.

## TRADE WILL BE GOOD.

Dealers Will Have Small Stocks After the Holidays.

Travelers who have recently returned to the city say that trade is bound to be good next year because dealers have only a small supply of ware on hand.

"It is true they have bought heavily," said a leading salesman, "but the demand is unprecedented. The people are buying and buying such quantities that these stocks will be well run down before we call on the trade again."

## Affirmed the Decision.

The supreme court at Columbus has affirmed the decision of the circuit court in the case of Harriet A. Woodburn versus Delia A. Morris.

The case was carried to the supreme court on error by Mrs. Morris.

## Officers In Court.

Chief Johnson, Officer Jennings and Firemen Bryan are in Lisbon today. They are witnesses in the action against

Seibert and Purpura, who were bound over to court for burglarizing a West Market street saloon.

## THEY MUST PAY

Or the Water Department Will Shut Off the Supply.

Employees of the water department took up a portion of the time yesterday in shutting off a number of consumers who has neglected the formality of calling on Clerk Gipner and settling the accounts due at his office.

The trustees have decided that the law providing for prompt payment shall be rigidly enforced, and those who do not pay cannot have water.

## To Work the Trade.

A good stock of ware is being made by the Toronto pottery, and on Jan. 15, the traveling salesmen will be sent out. Frederick Seegers will work the east, while C. J. Davis has been engaged to work the west.

All the news in the News Review.

## Only a Few Falls.

The streets had not entirely resumed their usual condition this morning, and there were a number of slight accidents.

A lady and little girl fell at Washington and Fifth streets, and several persons hit the pavement at Washington and Fourth. A small boy dropped on Market street, the groceries that he was carrying in a basket being scattered in every direction.

There were many more accidents, but none of a serious nature.

## Paid the Interest.

Clerk Hanley this morning paid \$30 interest due on the bonds issued some time ago for the improvement to East Market street and the Calcutta road. The coupon redeemed this morning was numbered two.

## Would Play on Christmas.

Several of the members of the Twin Cities are endeavoring to arrange a football game with Vanport for Christmas day.

The Pension Man Don't Like Civil Service.

HE URGES ITS MODIFICATION.

If Permitted to Do So He Could Remove 100 Clerks Without Effecting the Efficiency of His Force—Appeared Before Senate Committee.

WASHINGTON, Dec. 21.—Commissioner of Pensions Evans has appeared before the senate committee on civil service and retrenchment, which is conducting an investigation into the operation of the civil service system. Mr. Evans was questioned at length by Senators Lodge and Pritchard about the civil service system and its application to the pension office force.

He expressed the opinion that the law did not accomplish the results its friends insisted that it did. The best men in his office were those who had come in under the so-called "spoils system." They did their duty and expected to hold their positions by so doing. The pension examining boards, he said, ought not to be in the classified service, as it was desirable to secure men as members of such boards who had had wide surgical experience—army experience, if possible—and such men would not enter into competition for the place with young men just out of college.

He thought, however, that the entire system of appointing the boards was wrong and that all of them ought to be under a uniform system of appointment. The commissioner believed that the head of a bureau was the best qualified person to pass upon the efficiency of a clerk and that he ought not to be hampered in removing a clerk for inefficiency. If permitted to do so, he could remove at least 100 clerks from his office without affecting the efficiency of the force. He thought it would be desirable to have a definite tenure of office, not exceeding ten years, so that every year about 10 per cent of new blood could be infused into the force.

This would do away with the abuses resulting from some clerks remaining in office too long. The commissioner thought that some reform would have to be enacted or the country would have the infliction of a civil pension list. He believed it was a mistake to include in the classified service the special examiners, medical boards, chiefs of divisions and all others receiving salaries exceeding \$1,400.

Considered Civil Service Modifications.

WASHINGTON, Dec. 21.—The committee appointed at the house civil service conference ten days ago to draft modifications of the civil service law has met and went over the various bills pending before the house. The committee expects to have a measure framed by the time congress meets next month. Its members are opposed to the present law as including too many offices within its scope.

Hurrying the Delivery of Reindeer.

WASHINGTON, Dec. 21.—Secretary Alger has cabled to William A. Kjellman, the chief government reindeer herdsman, who is now in Alten, Norway, to inform the war department immediately how soon 600 reindeer can be shipped to this country. These are wanted for use as draft animals in getting supplies to the miners in the Klondike region.

Considered Indian Affairs.

WASHINGTON, Dec. 21.—The senate and house committees of the Indian affairs have held a joint session considering Indian Territory matters. The Curtis bill, providing for allotments, laying out of town sites, leasing of coal and other mineral, timber, farming and grazing lands, etc., was discussed section by section. The two committees will meet again next Monday.

New Pennsylvania Pensions.

WASHINGTON, Dec. 21.—These Pennsylvania pensions have been issued: Additional—John Robinson, New Haven, Fayette, \$4 to \$8; Samuel H. Witter, Anderson Valley, Franklin, \$6 to \$8.

THE TRANSFER OF KASSALA.

British Troops Ready to Receive It From the Italians.

LONDON, Dec. 21.—Parsons Pasha and other officers have arrived at Kassala to arrange to take over the place from the Italians. The troops will not arrive there until Thursday.

The town of Kassala, which under an agreement between the Italian and British governments is about to be taken over by the latter in the interest of Egypt, is one of the three keys to the Sudan, the others being Dongola and Berber.

It is an important strategic center between the river Nile and the Red Sea, situated on a torrent named El-garn, which, during the rains, is 400 or 500 yards in width and protects one face of the defenses.

A Reception to Bryan.

CITY OF MEXICO, Dec. 21.—President Humpson of the Mexico, Cuernavaca and Pacific railroad, with a small party accompanied Mr. and Mrs. Bryan to

Cuernavaca. A reception was given at the handsome apartments of the American club to Mr. and Mrs. Bryan, and there was a large attendance of ladies and gentlemen.

TRYING TO PREVENT A STRIKE.

Cotton Employes and Manufacturers Hold a Harmonious Conference.

FALL RIVER, Mass., Dec. 21.—A conference of representatives of the cotton manufacturers and employes on the wage question has been held. The representatives of the labor unions submitted three propositions and each of the delegates made some comment thereon. The manufacturers decided to take the matter under consideration and will give a written answer today. These propositions are:

First—It being the general opinion that there will be an improvement during the ensuing year and that the manufacturers will be in a far more prosperous condition than at present, we request the manufacturers to postpone the proposed reduction until the 1st of March.

Second—Believing that reducing wages is not a remedy for an overstocked market, we respectfully request the manufacturers to work four days per week until the 1st of March. If there is no improvement another conference will be held.

Third—If neither of the above propositions is accepted, and we cannot settle the questions satisfactorily, we are willing to submit our case to the state board of arbitration, wages to remain as at present until the state board makes its report.

After the submittal of their propositions, the present conditions of trade, the causes which have led up to them and the matter of southern competition were discussed at great length, and after two hours of deliberation the conference adjourned.

There was nothing about the conference that either side will regret, as perfect harmony prevailed at all times.

## VOTING IN BOSTON.

The Municipal Election Today, After a Hot Campaign.

BOSTON, Dec. 21.—The municipal campaign closed last night with rallies by the supporters of all three of the leading candidates in various parts of the city, and today the 100,000 or more electors are choosing a mayor, seven aldermen eight members of the school committee, a street commission for three years and three councilmen from each ward.

The candidates of the two leading political parties are the same as two years ago. Mayor Quincy heading the Democratic ticket, while ex-Mayor Edwin U. Curtis is again the candidate of the Republicans for the third time.

The disturbing factor in the campaign has been the candidacy of Thomas Riley, who is running on the Bryan Democratic ticket and his campaign, which has been avowedly antagonistic to Mayor Quincy. Quincy has been conducted with great vigor by several young politicians, notably John B. Moran, Timothy W. Coakley and Philip J. Doherty. Mr. Riley has spoken almost nightly in different parts of the city, while the other two candidates have refrained from any speeches whatever. The campaign has been noteworthy for its intensity of feeling, especially on the part of the Riley supporters, whose onslaughts on Mayor Quincy have been exceedingly bitter.

GOMPERS' COURSE UPHELD.

The A. F. of L. Convention Against Gage's Financial Plan.

NASHVILLE, Dec. 21.—The American Federation of Labor convention passed a resolution upholding Gompers' attitude toward the St. Louis convention.

The resolution in reference to the free coinage of silver at 16 to 1 was taken up, and a substitute upon the Gage bill was adopted as follows:

Resolved, That we declare ourselves most positively opposed to the Gage financial bill, recently introduced in congress by the secretary of the treasury. It is a measure, that if adopted as a law, will only all the more firmly rivet the gold standard on the people of the country and perpetuate its disastrous effects in every form.

Resolved, That we pronounce the Gage bill an undisguised effort to retire our greenback currency and all government paper money with a view to the substitution of national bank notes in their stead and thus fasten the national bank system for years upon the American people.

By resolution fraternal delegates from foreign countries were given privileges of voice and vote in conventions.

The convention decided to increase the per capita tax to 2 cents, and the change goes into effect Feb. 1, 1898. An amendment to the constitution requiring officers hereafter to be elected on the last day of a convention was adopted.

## OPPOSED TO AUTONOMY

Fourth Cuban Army Corps' Officers Renew Allegiance.

ALL ARMY OFFICERS OF SAME MIND

The Promulgation of Reforms Taken as an Evidence of Weakness on the Part of Spain—Will Accept Nothing Except Absolute Independence.

NEW YORK, Dec. 21.—Copies of a statement signed by the officers of the Fourth Army corps of the Cuban army, operating in the department of Las Villas, renewing allegiance to the Cuban cause and forswearing autonomy, has been received in this city. This action by the officers of the Las Villas department makes the opposition to autonomy practically unanimous among the Cuban officers. The statement says in part:

"We are convinced that the promulgation of reforms is an evidence of weakness on the part of Spain and is in itself a triumph for our arms. Our fighting attitude will continue just as it is today, until our unfortunate country is made free.

"We will accept no other settlement than that based upon absolute independence, which must be agreed to with our government and the assembly of representatives."

Among the signers are Juan Maso Parra, brigadier general of the First division, and Calixto Garcia, adjutant.

DR. ZERTUCHA REWARDED.

He Led Maceo to Death and Is Made a Mayor.

HAVANA, Dec. 21.—Dr. Zertucha, who was the physician of the late General Antonio Maceo, has been appointed mayor of Bejucal, this province.

Zertucha has belonged in his day to all the political parties in Cuba. At

DR. MAXIMO ZERTUCHA

one time he was a bandit in the Vuelta Abajo and his record was very discreditable. It was quite inexplicable to the friends of General Maceo that he kept the physician on his staff for so long a period, notwithstanding the warning given him. Maceo used to say that Zertucha's fault was his drinking habit.

At the time the famous Cuban commander was killed, Zertucha was charged with leading him and his party into the fatal ambush, but he issued a long statement in which he tried to show that Maceo met his death in battle in the usual way. Zertucha also bitterly assailed the honor of the other Cuban leaders.

After the killing of Maceo, the dishonored physician was allowed to go free by the Spaniards, and it was said, and generally believed, that his pockets were well lined with Spanish gold.

WATCHING THE DAUNTLESS.

She Is Suspected of Contemplating Another Trip to Cuba.

WASHINGTON, Dec. 21.—The treasury department has notified the collector of customs at Key West to keep watch on the tug Dauntless, which is suspected of having another filibustering expedition on hand. The information was furnished by the Spanish minister, who reported that the Dauntless had in tow a number of barges or lighters.

While there was nothing apparently unlawful in the movement of the big tug, the minister said he had reason to believe she contemplated another expedition. In view of her previous achievements in that line a strict watch on her movements was ordered.

The Much Insulted Weyler.

MADRID, Dec. 21.—The Nacional prints in its issue a double-headed editorial article to the effect that the principal mission in life of General Weyler at the present moment is to defend the army and his command in Cuba against the "insults," alleged to have been contained in President McKinley's recent message, and that he will energetically protest to the minister for war (General Correa) and to the queen regent.

MURDERED BY NEGRO BOY.

An Indiana Town Marshal Tried to Arrest a Check Forger.

PRINCETON, Ind., Dec. 21.—A colored

boy named Decker tried to pass a forged check for \$10.50 on the Farmers' bank, signed by Charles Howard, trustee of White River township. While the bank officials were making inquiry he made his escape. Marshal Murphy of Patoka pursued him and the boy shot him, mortally wounding him. If Decker is caught there may be a lynching.

PRODUCE DEALERS TO SUE.

Cleveland Men to Take Action Against Car Service Association.

CLEVELAND, Dec. 21.—Proceedings will be instituted by H. M. Strauss & Co. and other produce dealers of Cleveland against the Car Service association, which consists of the following roads: Pennsylvania company, Erie railroad, Lake Shore and Michigan Southern, Cleveland Terminal and Valley, Big Four, Nickel Plate, Cleveland, Ak on and Columbus, Pittsburg and Western, Baltimore and Ohio, Lake Erie and Western, Wheeling and Lake Erie, Cleveland, Loraine and Wheeling and Columbus, Sandusky and Hocking.

The action will be instituted before the interstate commerce commission, and the charge is that the produce men and other consignees in Cleveland have been discriminated against in favor of the Standard Oil company and the Cleveland Rolling Mill company. For eight years, it is charged, small consignees have been charged \$1 per day for every day or fraction thereof that cars are left standing unloaded on side tracks, whereas the two big companies named have been allowed to use their cars for storage purposes gratis.

The principal witness is A. R. Simmons, who was until recently the manager of the Car Service association, and now claims that he was discharged because he tried to enforce the rules of the association on all alike. The attorneys for the produce men declare that they will push the case to the end.

New System of Grading.

SPRINGFIELD, Dec. 21.—At the next meeting of the board of education the board will be asked to adopt the "grouping system" of grading. By it the scholars are placed in three classes, each one of which is advanced as rapidly as it is capable. The first class may complete the ten months' course in eight months, and for the remaining two months of term will be given the work of the succeeding year. This system does away with all failures at the end of the year and the pupils do not have to go over a whole year's work because of a delinquency in one or two studies. It is in use in Elizabeth, N. J., and Youngstown and Dayton, O.

Young Man Gave Himself Up.

CLEVELAND, Dec. 21.—A well-dressed young man, who says he is Herman F. Schmidt, son of the superintendent of the Pennsylvania company's car shops at Pittsburg, has given himself up to the authorities as a fugitive from justice. He says he is wanted in Pittsburg for passing a forged check for \$25 on a hotel and another for the same sum on the London Pants company. He has been identified as the young man sent from Cleveland to the Ohio penitentiary for two years in 1891 for passing a forged check for \$500 upon Webb C. Hall, a jeweler, in payment for \$300 worth of diamonds.

Raid on a Poolroom.

CLEVELAND, Dec. 21.—The police made a raid on horse race poolroom, which the managers claim was merely a branch of the Central Telegraph company of Allegheny City. They have avoided the law for a time, by alleging that no bets were made in Cleveland, but were telegraphed to Allegheny City. A police detective discovered that the wires supposed to connect with Allegheny City went only as far as the second story of the building and the raid followed. The managers say there are branches of the same concern in several large cities.

Prisoners' Plot Spoiled.

WARREN, Dec. 21.—Three prisoners, who had plans laid to escape from jail in Warren, were foiled by Sheriff Hiery. They expected to tie Turnkey Bartlett and get his keys. The men are James Comiskey of Niles, William Beron of Carnegie, Pa., and Robert Watt of New Milford. The two latter are under sentence of a year in the penitentiary for burglary, and Comiskey is charged with robbery.

Monroe's Probable Testimony.

TOLEDO, Dec. 21.—It develops that the mysterious L. S. Monroe, who is held as a witness in the Bennett murder case, will be expected to swear that Bennett asked him to swear to an alibi for him on the night his wife was thrown into the canal and he refused.

## A TREMENDOUS CRASH.

Train Runs Down a Mountain Into Altoona.

HIT ANOTHER TRAIN FULL SPEED.

The Wreckage Piled Higher Than the Passenger Station—The Hollidaysburg Train Thrown Over on Its Side—A Number of People Were Injured.

ALTOONA, Pa., Dec. 21.—A freight train consisting of 31 loaded cars, hauled by engine 604, Engineer Fred Burket, Fireman Michael Canley, and in charge of Conductor Port Orner, ran away down the mountain to this city. A slight rain, which was freezing on the rails as it fell, made the track very slippery, and before the engineer or train crew had time to apprehend the danger the heavy train had attained a momentum which could not be checked by the brakes. In 12 minutes the 12 miles between Gallitzin and Altoona was covered, and at the frightful speed of a mile a minute the runaway train crashed into a freight train standing in the Altoona yard, directly in front of the passenger station.

The wreckage piled up higher than the top of the passenger station and covered all the tracks. About 50 cars were completely broken up, and the Hollidaysburg passenger train, which was standing on the tracks outside the passenger shed, was thrown over on its side. The engineer and fireman of the runaway train were helped from the cab of the wrecked locomotive and both were able to walk away. Their escape was almost miraculous. Three other trainmen were taken to the hospital. One of them is said to be fatally injured.

The killed and injured were: Simon Kinter, Hagerstown, Ind.; died at the hospital. Brakeman Corbin, missing; supposed to be under the wreckage. Brakeman Turner, injured. James Prentiss, aged 35, Monongahela, Pa.; badly cut about the head. John McFadden, aged 35, Madisonville, Pa.; skull fractured. Bert Holt, Cliff Union, Pa.; badly bruised. Will am Leavett, fireman; bruised. F. S. Burkett, engineer; bruised.

In less than an hour half the tickets in the board were gone.

## WORDS OF WARNING

"Christian" Deprecates Church Dissensions and Quarrels.

### WOULD FIGHT THE COMMON FOE

A Member of One of Our City Churches Believes That Dissensions and Quarrels Among Professing Christians Cause the Devil to Rejoice.

Write the warning on the tablets of memory, mind, brain, heart and practical life. Take the warning from one who has been studying the matter closely, even to self condemnation. Don't dare to attempt to clean your skirts and ease your mind by the assertion that others are equally to blame with yourselves. Be true to an enlightened conscience, as God gives you to see the light, and cast self and selfishness into the background. Let the love of God and the cause of Christ take full possession of your life and actions. Now comes your query: "My dear sir, what do you mean? What would you have us to do? Why should we beware?"

Beware, oh Christian men and women, of that which is upon every tongue, the talk of the city, CHURCH TROUBLES AND DISSENSIONS AMONG THE PROFESSED FOLLOWERS OF THE MEER AND LOWLY NAZARENE. Is there anything good to come out of such troubles? Will they bring good tidings of great joy? Do they please the Master? Don't dodge the issue. Be honest and true. Here is the verdict of common sense: "Every bad man and woman in East Liverpool: every lover of evil and sin; every saloon keeper and advocate of the whisky traffic; aye, even the devil himself, leader and king of the forces of evil, are laughing in fiendish glee at the quarreling, disputing and fighting going on in church circles, between professing Christians."

In conclusion. Brethren, if we must do battle and feel drawn to the conflict, there is open ground for one and all in the city of East Liverpool. Drunkenness and disorder and sin are prevalent on every hand, and it will require the combined forces of Christianity, under the leadership of good men and true, to win out a victory, under the banner of King Emanuel. Let us settle our church troubles as God would have us do; and then, putting on the breastplate of righteousness, take the sword of the spirit and win out a glorious victory for God and the Right. CHRISTIAN.

### On the River.

No coal passed this port yesterday, although there is enough water in the river to allow tows to go to the Mississippi.

The marks at the wharf this morning showed a 13-foot stage and falling slowly.

Passed down—Ben Hur and Keystone State.

Up—Sam Brown.

The last named boat was the craft that was damaged Saturday near Bellaire by running into the bank, as was exclusively stated in this paper last evening. The wrecked barges are strewn along the banks for a distance of seven miles.

### It Is Better Now.

The people who are compelled to travel Huston road are not complaining now, because the mud has for a time disappeared, but they continue to urge the improvement of the road, well knowing that the first thaw will make it as bad as ever.

It is probable the matter will go to council, backed by a well signed petition.

The Citizen's National bank, with headquarters on Fourth street, at the old postoffice, is now ready for business.

## MUTINY AND MURDER AT SEA.

Witnesses Testify Against Cook Anderson at Norfolk, Va.

NORFOLK, Dec. 21.—The trial of John Anderson, cook of the schooner Olive Pecker, for the murder of Mate William Wallace Saunders, on the high seas in August last, is on in the federal court. Anderson is also under indictment for the murder of Captain Waitman and burning the schooner, but the prosecution elected to bring the first trial for the murder of the mate.

A Norwegian member of the schooner's crew testified that he was at the wheel during the whole affair. He saw Anderson throw water on the captain's dog on the morning of Aug. 6, the day of the crime. He then heard the captain curse Anderson, after which followed a noise, as of some one falling. He supposed the captain had struck Anderson, who came up and asked the mate to protect him. The mate said "go to —, you've got to die any."

Shortly after this Anderson came out of the captain's cabin and called the mate down out of the rigging and shot him four times. He summoned all hands and made them throw the body overboard. Then he made them go down into the cabin and get the body of the captain and throw that overboard, after which he took the crew down into the captain's cabin and gave them some whisky. His story of the burning of the vessel under Anderson's direction and the voyage to land in the small boats varied little from the published accounts. Others told almost similar stories.

It is also proposed to encourage and aid the so-called Zionist movement, and to support, furnish and equip pilgrims and pilgrimages from the United States to Jerusalem and Palestine in connection with that movement.

## LUETGERT'S SON A FORGER.

He Wrote Endorsements on Notes and Gave Them to Ex-Judge Vincent.

CHICAGO, Dec. 21.—Arnold C. Luetgert admits that he forged a name to notes amounting to \$4,750, turned them over to Attorney William A. Vincent and victimized others to the extent of over \$1,000. Arnold Luetgert is the son of Adolph L. Luetgert, now on trial, charged with murdering his wife, and Attorney Vincent was the chief counsel of the sausage make during his trial. The lawyer withdrew from the case when he realized that he had been deceived.

Arnold Luetgert laughed when it was suggested that trouble might come of his free use of signatures not his own, and said that he considered it a good joke on Attorney Vincent.

## Not Seized by Russia.

LONDON, Dec. 21.—A dispatch to The Daily Mail from Shanghai says the report that Russia has seized Port Arthur is entirely untrue.

The man who lies at the mercy of an assassin shudders at the thought of death and shivers as he thinks of the hurt of the cold steel as it cuts its way to his heart. The same man, for some unsolved reason, will lie at the mercy of that most deadly of assassins, consumption, and apparently not experience a tremor. Of all the human beings that go down each year to premature graves, one-seventh are the victims of this relentless enemy.

There is a prompt and practically unfailing cure for this awful disease within the means of the poorest. It is Dr. Pierce's Golden Medical Discovery. It cures 99 per cent. of all cases of consumption. It cures bronchitis, asthma, laryngitis, lingering cough, spitting of blood, weak lungs, throat and nasal troubles and all diseases of the air-passages. It acts directly on the lungs and mucous membranes of the air-passages through the blood, allaying inflammation, building up healthy tissues and driving out all impurities and disease germs. It whets the appetite, makes the digestion perfect and the liver active. It is the great blood-maker and flesh-builder. A sufferer does not have to take these assertions on trust. Thousands have testified to their recovery under this marvelous medicine after all hope was gone. Copies of their letters, with names and addresses, may be had by writing for them. Address World's Dispensary Medical Association, Buffalo, N. Y.

Do not neglect constipation. Your general health is at stake. Dr. Pierce's Pleasant Pellets cure constipation. They never fail. They never gripe. ## DON'T GO IT BLIND.

No Need for Guess Work—Follow the Advice of People We Know.

A Scotch ploughman working in a field was accosted by two college dons who, walking along the road, had disagreed on some topic about the dead languages. Agreeing to leave it to the yokel to decide, they introduced the disputed point with "Is Greek a hard language to read?" To their surprise the answer came, "I don't know; I never tried it." Such caution, such prudence, such wariness may have been all right coming from a Scotchman, but it would have been utterly out of place if Mrs. Edward Orr, of 220 Thompson street, had exhibited it when advised by her sister to use a well-tried remedy for her complaint. It is the same with East Liverpool. Caution, prudence or wariness is quite unnecessary when you have to use a kidney remedy. All that is required is simply to follow the advice of people you know. No need to go it blind. Read this. Mrs. Orr says: "My sister, Mrs. Borland, of Pittsburg, while visiting me, recommended Doan's Kidney Pills so highly that I was induced to try them. I had been having a severe attack of kidney disease; sometimes I would be so bad I could not get up. Many times my neighbors have come in and found me lying on the lounge suffering, when I intended to do a big day's work. I was so miserable I could do nothing. After my sister told me of the pills, I made up my mind to take some, and got a box at W. & W. Pharmacy. They did just what they claimed they would do—cured me sound and well in a few days. My little girl was feeling poorly, and had a sorrowful complexion for some time. I gave her a few doses, and now she is looking splendidly."

Doan's Kidney Pills are for sale by all dealers. Price 50 cents, or mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

## Fires Lit Under Glass Furnaces.

BRIDGEPORT, N. J., Dec. 21.—Fires have been put under the furnaces in the Conasey, Cumberland and Moore-Jones window glass factories near here, and it is expected that the works will start up in a week or two, probably on Jan. 2. It is expected that 2,000 persons now idle will be given employment.

## Prince Henry Visited the Queen.

OSBORNE, Isle of Wight, Dec. 21.—Prince Henry of Prussia slept at Osborne, after visiting the queen, and returned on board the German cruiser Deutschland. If the weather permits, the prince will resume his journey to China today.

## Explosion of Celluloid Combs.

NEW YORK, Dec. 21.—Two pastboard boxes filled with celluloid combs came in contact with steam pipes of a car on the Sixth Avenue Elevated road and exploded with great force while the train was standing at a station. Two men were hurt and three women fainted and had to be carried out of the car.

## A Little Left.

"All is over between us," said the young man who had found a richer girl and was trying to take leave of his old love.

"You are mistaken," replied she. "All is not over. In fact, my breach of promise suit has not yet begun."

He postponed the transfer of his affections.—London Fun.

## THE FARMER COMPLAINS

Because He Has No Time to Hunt Rabbits

UNTIL AFTER THE SEASON ENDS

There is General Dissatisfaction Because the Law Does Not Permit Shooting at a Time When the Land Owner Can Best Enjoy It.

Farmers all over Ohio are complaining because the law does not allow them to shoot rabbits during the season they most desire.

The season for killing rabbits expired December 15 when rabbits are really at their best between that date and January 1. Then the season begins September 1 which is fully a month too early, when rabbits are not desirable for food. It is true that nothing in the law prohibits the killing of rabbits by land owners when they destroy property.

However, as rabbits killed by farmers out of season cannot be taken from the premises, they lose whatever benefit would otherwise accrue. Farmers say they have no time for hunting until after the present season expires and demand a share of sport. Rabbits have increased so rapidly during the past few years that they have become a nuisance in many localities, and are plentiful everywhere. This is mainly due to the fact that the season expires before hunters are assisted in the pursuit by snows. After a good fall of snow it is an easy matter to trail a rabbit to its hiding place either in the brush or open field.

So widespread has become the dissatisfaction that, it is believed, the legislature will be petitioned to modify the law.

### STILL SURVEYING.

Not Much Progress Is Now Being Made.

Engineer McConnell and his assistant, Will McLaughlin, are doing as much surveying on the other side of the river as the weather will permit, but they have not made much headway during the past few days. They come from Steubenville every morning, do the day's work and return in the evening, always declining to give out the detail of what has been accomplished.

It is rumored that the parties interested with Mr. Banfield in the project to build a mill, will be able to give out something tangible in the near future. J. E. McDonald refuses to say a word of what he knows. It is believed that the result of the negotiations that have been going on for several weeks, will be known the first of the year.

### NO WONDER

The Youngstown Man Could Not Find Mr. Tayler.

They are working hard in Youngstown for the government armor plate plant, and it became necessary yesterday for Secretary Wick, of the board of commerce, to communicate with Congressman Tayler who is putting forward Youngstown's claims in a splendid manner. The Telegram says:

"Secretary Wick, of the board of commerce, tried to get Mr. Tayler by telephone this morning, thinking that he would be at his home in Salem for the holidays, but was unsuccessful."

Occurrences of this kind are well calculated to make the average resident of Lisbon sink deep in his chair, and, staring into the distance, wonder why there is such an institution as fame anyway.

### A New City Directory.

R. L. Polk & Co., of Pittsburg, who published the last East Liverpool city directory, will issue their second edition for 1897-8 early in the spring, and their representatives are now in the city gathering the necessary information. The second edition will be off the press about April first, and the publishers promise improvements in the information, making the work more worthy of patronage.

### Ready For the Rush.

A well known contractor stated this morning that at present building was very quiet. He added, however, that commencing with spring, there would be a building boom in East Liverpool, the like of which has never been seen here, and all the contractors were making ready for the rush.

### Will Shoot Tomorrow.

The live bird shoot to have been held last Friday at Rock Spring and postponed on account of the bad weather, has been transferred to the grounds of the Junction Park Gun club, Rochester, and will take place tomorrow. A number of sportsmen from the city will attend.

### Little Attentions.

Evil is wrought by want of thought As well as by want of heart.

If husbands only realized what the little attentions mean to their wives, there would be many happier unions. It is not the cost of a gift that makes it precious to the recipient. A tiny bunch of violets brought home at night betokens the thought given to her even while business occupies his attention; the most trifling souvenir of a wedding or birthday anniversary becomes a sentiment underlying its proffering. Women may be foolish, they may be all heart and very little reason, but the man who understands their nature and caters to it is the one who stands higher in their estimation than the one who acts as though all they cared about was material comfort given with any sort of brusquerie.

Of course there are many mercenary women—thousands and thousands who can marry for a home and for rich raiment. These poolpooh the violets and value only the diamonds. But the average feminine heart, the sort which a man wants to beat beside his own, the foundation of truest sympathy and love, is moved more by the little attentions in which sentiment is involved than by the great offerings representing only a stupendous sum of money involved.—New York Ledger.

### Her Ideal Son-in-law.

Mrs. Hetty Green is looking around for the right kind of a young man to marry her daughter, who will come into the possession of several millions of dollars in due time. Mrs. Green desires nothing in her future son-in-law but brains and character. No others need apply.—Boston Herald.

### Zola Hooted at Daudet's Funeral.

PARIS, Dec. 21.—The funeral of Alphonso Daudet was largely attended. Emile Zola, who attended the funeral, was hooted owing to his support of the efforts made by the friends of Alfred Dreyfus to bring about a reopening of his case.

### Fire in Baltimore.

EAST LIVERPOOL, O., TUESDAY, DEC. 21.

HON. BOB TAYLER seems to be steering clear of the civil service fight in the house. He is among the few Ohio congressmen who have not declared war on the existing system.

READ the advertising columns of the News Review before you go shopping. They will not only tell you where the most appropriate presents can be found, but they will save you money, perhaps enough for another present.

AFTER the newspapers of Columbus, Cleveland and Toledo have discussed the question until their readers heartily wish they had never heard of a state centennial celebration, the legislature will quietly settle on the matter, and at least two parts of the annoyed ones can have rest.

If there is anything in the stories of Emperor William's wild ambition to own the earth, he may next eat his Christmas dinner standing up. Our Uncle Samuel is not a bad man, but if the little-man-with-the-big-sword becomes noisy he will certainly receive a merited spanking.

WHEN you go to the Republican primaries next spring vote for the men you have reason to believe can be trusted after they are elected. Support them before thinking of the claims of any other. By that means alone can the Republican party hope to control the city government next year.

THE sentiment favoring the public stone pile is spreading. Taxpayers are awakening to the knowledge of the truth that the average tramp and bum will keep away from the town where he is compelled to pay in hard work for the privilege of being a pauper. The wicked man who cannot pay in cash for his wickedness is another portion of society who will be more careful if he knows some serious penalty will follow his mis-doing.

THE formation of every trust should be an argument in favor of legislation against trade combinations. When the people must pay for this concentration of power, and kneel down to the demands of any particular trust or go without what that trust produces, the time has come for sensible action. There is ample room for some genius with a knowledge of the facts to make a name in congress through the introduction of an anti-trust bill that is in every way anti.

## REFORMING THE POLICE.

East Liverpool has grown to that size where the need of an authoritative head for the police system of the city is clearly seen. Under the present arrangement an officer can do almost as he desires, the few laws laid down for his official action being laws that can be broken, and there is, as a rule, no one to object. Give power to a chief, and make him the right kind of a man, and there is little doubt that the improvement will make itself manifest very soon after the new system is inaugurated.

## THEIR GROUND.

The Republican party does not want the civil service laws repealed, nor will its representatives in congress vote to return to the system that has occasioned them so much worry and trouble, but they do want modifications of the law that will not allow any man to hold office through the remainder of his natural days. They hold that the purpose of the measure has been outraged. Its framers never intended its workings to be as they are at present, and that they will show when the question comes up for discussion. It is to be hoped, for the good of the party, that they have some ground on which to stand. Otherwise we will hear some

quiet chuckling from the Democratic side of congress.

## A HANDSOME WINDOW.

And the Goods in the Store are Still More Desirable.

The handsome display made in the show window of J. R. Warner & Co.'s headquarters for boots, shoes and slippers attracts general attention, and is the subject of warm commendation. The display in the window is but a reminder of the desirable goods and great bargains in the storeroom, and you should not fail to make an immediate inspection and ascertain the wonderfully low prices.

Moore and Nettie Brown; Ira Kimes and Odessa J. Stroup.

## Only a Few Travelers.

The baggage report for the month of December from the Second street station will show quite a decrease in the amount of business over the month of November. The decrease is caused by the few traveling salesmen now on the road. When the traveling salesman comes this way again he will be selling for the spring trade. The business is expected to start about the middle of January.

## Stealing Coal.

The complaint is made that coal thieves are making their appearance at points along the Horn switch. Their depredations last night are said to have been unusually extensive.

The railroad officials are looking into the matter. It is said, as the number of thefts reported have become most annoying.

## A Game In Sight.

A letter received this morning from Manager Maxwell, of the Homestead football team, states that they will play the Rovers a friendly game on Manday, Dec. 27, provided they are given a return game here New Year's day.

Their offer will probably be accepted as the local team are very anxious to win from Homestead.

## FOUGHT IN AN OFFICE

There Was War on Second Street Last Night.

### HARRISON RINEHART WAS HURT

The Prong of a Pitchfork Penetrated His Face, and He Was Bruised--He Is In His Room Today but His Injuries Are Not Serious.

Harrison Rinehart is confined to his room in Seventh street suffering from stabs in his face and other injuries received in a pitched battle which occurred last night at the livery stable owned by his father, John Rinehart. There were other men involved in the difficulty, which was the outcome of a difference of long standing.

Early in the evening Tom Davis, an employe of Harrison Rinehart, who rooms at the stable of John Rinehart, came down out of his room and went to the spigot for a drink. He was assaulted by Bert McFarland, who said Davis had been talking about him. Davis is a peaceful sort of an individual and made no attempt to strike back and McFarland kicked him and bruised him in a frightful manner. Davis then went to the stable of Harrison Rinehart and several of the employes started down to Second street to find out what was the trouble. As they went through the Diamond they passed Harrison Rinehart, who inquired the cause of the trouble. It was explained to him and the employes went to Second street.

About 15 or 30 minutes later, Harrison Rinehart went down and found his employes at the corner of Washington street, and everything was dark at the livery stable. He went over to the barn, followed by his employes, and opened the office door and inquired for McFarland, to ascertain what was the cause of the trouble. Pank McClellan was sitting in the office, and as soon as he caught sight of Harrison he jumped up and rushed to the desk, from which he got a revolver and ordered H. Rinehart to get out. He was told to put up the revolver and he put it in his pocket, but was made to return it to the desk.

Dave Brown rushed in with a neck-yoke and handed it to McClellan, and told him to hit Harrison with it, but Bob Webb kicked Dave Brown and Roy Rinehart hit McClellan.

At this juncture, without a moment's warning, McFarland rushed in with a three pronged pitchfork and made for Harrison Rinehart. Rinehart caught sight of the pitchfork just in time to stop the force of the blow, but two of the prongs entered his face just below the eyes, one of them penetrating to the bone and passing upward.

Rinehart grabbed the pitchfork from the hands of his assailant and broke the handle of it over the man's back. He then administered to him the severest trouncing perhaps a man ever received, and as a consequence McFarland will be in bed for a few days. When released McFarland went outside the stable and threw an iron at Roy Rinehart and then ran.

John Rinehart then appeared and attempted to hit Harrison with a chair, but it was wrested from him. He then went to the safe to open it, but his hand was kicked from the combination by H. Rinehart, and finally peace and quiet reigned.

Harrison Rinehart then went up street, and Doctor Toot was called and cauterized his wounds. While not suffering to any great extent, he is staying in his room to prevent catching cold. When seen this morning he stated that he had never had any trouble with McFarland, and was at a loss to understand why the deadly assault had been made upon him.

Today charges were preferred against Harrison Rinehart for assault and battery by John Rinehart, and a charge of disorderly conduct against Roy Rinehart and Robert Webb, while Davis preferred charges against McFarland for assault and battery.

John Rinehart when interviewed said: "For two days Harrison has been objecting to two of my employes and told them they would have to leave by Monday evening. He came down yesterday and told Elijah Cain he would have to go, and wanted to see Ham McClellan, but did not see him. He left word that if he did not leave before Monday evening he would be down and thrash him."

"I stayed at the barn until 9 o'clock to prevent trouble, and had just arrived at home when Dave Brown came after me and informed me of the trouble. When I got to the barn Harrison had McFarland on the floor and was kicking him. I went to the telephone to call the police, and he pulled me away. I then started to open the safe, and he kicked my hand."

"When McFarland came in with the pitchfork he was so drunk he could not stand up, and fell on the floor when Harrison rushed at him. Davis really had the best of McFarland in their fight."

## NO ACTION ON NORRIS

Pittsburg Presbytery Did Not Consider His Case.

MAY BE TAKEN UP NEXT WEEK

The Attendance Was Large In Anticipation of the Stirring Time, but No One Brought Out the Matter and Nothing Was Done.

In spite of the many predictions made last week the case of Rev. J. H. Norris was not taken up by Pittsburg presbytery yesterday.

It was stated that a number of ministers connected with the presbytery had decided to demand an explanation from Mr. Norris if he started another Presbyterian church with the people who had embraced his doctrine. That would bring the question before presbytery, and a warm time was anticipated. It was known that the gentlemen were opposed to the teachings of Reverend Norris, and while they had nothing to say of him personally, they proposed to bring out the question so forcibly as to prevent the founding of another holiness church by Presbyterians and keep some who might think otherwise in line.

For some reason the matter was not taken up, and presbytery adjourned without any one referring to the subject. It is believed in some quarters that when presbytery meets again next week it will be considered then, but there are others who believe Mr. Norris will be allowed to go his way and teach whatever doctrine he may desire.

A Pittsburg paper this morning says: "The sentiment of the members is unchanged, and the matter will come up in due time. It is safe to say that Doctor Norris will not be permitted to organize a second Presbyterian church nor, as a member of the Pittsburg presbytery, to minister to a church of any denomination which may be planted in the bounds of the Mt. Washington Presbyterian church. The sword has been sheathed, but only temporarily."

### Shop Notes.

James Lockard is on duty at the shops after an illness of several weeks.

Good times have again come to the shops, and the employes have more work than they can do. A sudden rush has come and all departments have been put on 13 hours except the car shop. The news was especially gratifying to the men who have been thinking that the last cut was permanent.

The prediction is freely made that next year will be a good one for the railroad men of Wellsville. The company still retain the careful policy that has marked the actions of officials for so long, but it is thought that point is being reached where the demands will be so great as to demand a forward movement all the time.

### HUSBAND WAS TAKEN

After the Wife Went Floating  
Down the River.

SHE TOOK TWO CHILDREN

An Incident of Life on the River Front  
That May Not Yet Be Ended—Joe  
Wolf Locked Up Again—His Record as  
City Janitor.

Two arrests were made last night, and in each case there is a story of unusual interest.

Officer Earl arrested Joe Wooley for being drunk, and this morning it was learned that Joe was merely celebrating the departure of his wife, who is now floating down the river in a small shanty boat with two young children. What caused Mrs. Wooley to leave the city in

such a manner could not be learned. Her son, who is 12 years old, was left behind, and to his father said his mother expected to float the boat as far as Matamoras, and possibly would go to Cincinnati. It is thought the woman will be stopped by some down the river authorities before she ends her journey, and brought back to this city. At the hearing Wooley was fined \$6.00.

Fred Wolf was also arrested during the night for being drunk. He was put in by Officer Earl. Fred has been janitor of city hall more times this year than any other person. It is said that he has been in the coop on all the big holidays of the year, and it is probable he will spend Christmas and New Years as a guest of the city.

Janitor Charles McCleary is still doing odd work about city hall, but he stands a good chance of being liberated for Christmas. McCleary was at one time a seaman, and this morning amused a number of city hall callers by spinning sea yarns.

### TRADE WILL BE GOOD.

Dealers Will Have Small Stocks After the Holidays.

Travelers who have recently returned to the city say that trade is bound to be good next year because dealers have only a small supply of ware on hand.

"It is true they have bought heavily," said a leading salesman, "but the demand is unprecedented. The people are buying and buying such quantities that these stocks will be well run down before we call on the trade again."

### Affirmed the Decision.

The supreme court at Columbus has affirmed the decision of the circuit court in the case of Harriet A. Woodburn versus Delia A. Morris.

The case was carried to the supreme court on error by Mrs. Morris.

### Officers In Court.

Chief Johnson, Officer Jennings and Firemen Bryan are in Lisbon today. They are witnesses in the action against

Seibert and Purpura, who were bound over to court for burglarizing a West Market street saloon.

### THEY MUST PAY

Or the Water Department Will Shut Off the Supply.

Employees of the water department took up a portion of the time yesterday in shutting off a number of consumers who has neglected the formality of calling on Clerk Gipner and settling the accounts due at his office.

The trustees have decided that the law providing for prompt payment shall be rigidly enforced, and those who do not pay cannot have water.

### To Work the Trade.

A good stock of ware is being made by the Toronto pottery, and on Jan. 15, the traveling salesmen will be sent out. Frederick Seegers will work the east, while C. J. Davis has been engaged to work the west.

All the news in the NEWS REVIEW.

### Only a Few Falls.

The streets had not entirely resumed their usual condition this morning, and there were a number of slight accidents.

A lady and little girl fell at Washington and Fifth streets, and several persons hit the pavement at Washington and Fourth. A small boy dropped on Market street, the groceries that he was carrying in a basket being scattered in every direction.

There were many more accidents, but none of a serious nature.

### Paid the Interest.

Clerk Hanley this morning paid \$30 interest due on the bonds issued some time ago for the improvement to East Market street and the Calcutta road. The coupon redeemed this morning was numbered two.

### Would Play on Christmas.

Several of the members of the Twin Cities are endeavoring to arrange a football game with Vanport for Christmas day.
